18 December 2015

Dear Mr Ellis

Thank you for your kind gift of £1,000 matched funding from the Woodspring Lodge donation of £2185.50 for Jessie May, safely received.

Jessie May Nurses are currently providing care in the family home to 92 children with a terminal illness and a further 35 bereaved families. Parents would not trust the care of their child to just anyone, particularly if their child has such complex needs. The Jessie May Nurse is that trusted person. Their unique care is provided to all our families completely free of charge.

It is only with your support that they are able to do this which makes your gift so valuable to us.

"The fact that families accept us into their home and allow us to care for their children is something we never take for granted. Every child we care for is so special and we are so proud to call ourselves Jessie May Nurses."

Gillian Alexander – Jessie May Nurse

We are so grateful for your support, it does make a world of difference.

Yours sincerely

Helen Mackie
Community and Events Officer
