

Over the years the funding in schools has dramatically decreased, this is especially the case in Somerset which is one of the lowest funded County's in the whole of the UK.

The Government has recently promised to increase school funds by putting in an additional £7.1bn by 2022-23, into the education system. However this extra, is already being swallowed up with rising on costs including increased and unfunded pay rises that have been introduced, which we have no choice but to honour.

More than four out of five schools will be worse off this year than five years ago. Sadly we are one of those schools, as we are one of the lowest funded in the South West.

We pride ourselves on still ensuring we provide the very best for all our children despite not having adequate funding, however we can only do this with the support from the TSF and you, our parents.

In years gone by the TSF provided extra experiences above and beyond what is in the curriculum. Now, sadly, we are having to ask the TSF for the basics such as books, pencils and glue sticks etc. as well as those extra experiences.

WE NEED YOU!

We cannot emphasise enough just how important your support with all the fundraising activities for the school is. Every penny raised, goes back into giving your children the extras they need as well as some of the basics too!

Please support the school and your children's education as a whole, by signing up to help out or participate in events.

Thank you from us all.

THANK YOU MR PARRISH!

Over the years Mr Parrish has been taking Karate Classes for Yr1 and up. Every week he accommodates more children and gives them all such a wonderful lesson in Karate in the hall. ALL of the money he makes from this, he gives to the TSF to help the school.

By the end of this Summer term Mr Parrish will have raised over **£10,000!** towards TSF funds so that your children can benefit from added extras, listed in this leaflet, that we would not normally be able to afford.

We would like to publicly thank Mr Parrish for all he does.

Thank you!

IMPORTANT INFORMATION ABOUT TRULL SCHOOL FUNDRAISERS

This leaflet is to inform you of some of the amazing work the TSF do and where all the money goes that you so generously raise throughout the year!

It is invaluable in today's climate of school funding despite what the Government say! We cannot thank the TSF enough for all their time and support they give and you, the parents for your help too.

Thank you so much!

Coming soon.... Jonathan Smith (*Blue Planet II*) and a talk about the future of the Oceans, plus an exciting way forward for
