

Entertainment from North Somerset ensemble

BOLD BRASS

Based in the North of Somerset, Bold Brass was originally formed in 1977 as a quintet. The larger ensemble was set up in 1977 to play just one concert, which was so successful the band decided to stay together.

Bold Brass has provided music for the Open University award ceremonies in Torquay and Cheltenham for over 18 years and for many years have been essential part of the Bristol Evening Post carol concert in Bristol.

The group also plays at concerts in Churches, indoor and outdoor music events in the UK as well in, Germany and France, plus the former Czechoslovakia.

The players have many years of experience playing in Brass, Jazz and Big Bands. Their repertoire is drawn from these showpiece band styles as well as other popular forms of music.

Many of their arrangements have been made by past and present members and musical directors.

Somerset Masonic Friends Association (NW)
